But when she got there
She found a club sandwich and six bottles of beer;
And she said: "Ain't this lid law a peach?"

TEACHERS' MEETING

Saturday Well Attended and Great Interest Manifested

The regular monthly meeting of the Mason County Teachers' Circle convened in the High School Building Saturday morning with an increased attendance and interest.

The exercises throughout were of an instructive and entertaining character, beneficial and helpful to all present.

J. C. Roberts discussed the relation between the side and diagonal of a square.

W. T. Berry presented some practical problem in arithmetic. At the next meeting he proposed to demonstrate whether or not 180 stakes 13 rods apart can be placed on a lot 15 rods square.

Miss Ethel McMillan expressed an opinion that the subject matter of the present school arithmetic could be improved.

W. P. King discussed the new curriculum of the High School. He was very much in favor of an enforcement of the requirements contained therein.

B. F. Kidwell told of his success in grading his school, and reported a class of seventeen graduates for this year.

Miss Isabel Henry offered some practical suggestions in the teaching of arithmetic, and W. C. Coryell read a letter from the Secretary of Kentucky Educational Association, which meets this year in Winchester, which promises to be largely attended by Mason county teachers. There was not a dull moment during the entire meeting, the time being taken up with interesting talks and papers read by members of the Circle.

In a few months, and after the rate bill gets into good working order and the two-cent fare bill is a law in all the states, you may look for a reaction of public sentiment and public opinion in favor of the railroads.

Reaction Will Soon Set in, in Favor of the Railroads

The vast interests of the railroads and the enormous number of persons they employ (now nearly two million,) at fair wages, is sure to compel the public to understand that it will not pay to further abuse or unreasonably persecute them, or such a business panic will ensue that would make all the "Black Fridays" of the past appear small in comparison.

The railroad magnates, like the insurance high-rollers, have been made to understand by President ROOSEVELT, who took the initiative, that they must bring their corporations and manipulations within the pale of the law or suffer the consequences, i. e.: either nullification of charters, confiscation, or Governmental control with the ultimate ownership by the Federal authorities.

This is the reason Mr. HARRIMAN has come down off his perch and now wishes to talk these matters over with the President.

HARRIMAN knows that, vast as his paper holdings in railroad stocks and bonds are, he is right now facing such a slump in Wall street as would wipe him off the map as a high and frenzied financier and land him and his con-

fers beneath such a storm of wreck and ruin that they never would be heard of again, only "to point a moral or adorn a tale."

Read the following admissions by Mr. HARRIMAN:

"Railroad managers have, I am willing to admit, in the past neglected to build up a strong, harmonious relationship between themselves and with the Government and the public."

"This matter had been left to subordinate officers, and the result has been that such relations have been completely neglected."

"Now we must take the matter in our own hands in order to bring about a better understanding and co-operation."

"Our policy in the past has been a mistaken one, but it cannot be said that we have neglected our service to the public."

Mr. HARRIMAN's railroad deals were merely railroad steals.

The robins are here; but you'd just as well lay in another ton or two of coal.

How the President can help the Republican party in Kentucky by appointing partisan Democrats to office is a new method of assistance which cannot be explained by a practical demonstration. It is like one of Mr. BRYAN's "theories," they look right on paper—but

The resignation of Senator JOHN C. SPOONER from his eminent position in the Senate and the rumor that he is to accept the place of chief counsel for the Harriman interest, leads to the suggestion that the railroad magnates, having purchased a majority of the big men who were employed on the Panama canal with larger salaries, they are now going after United States Senators in the same manner. This would make ABRAHAM LINCOLN remark that—

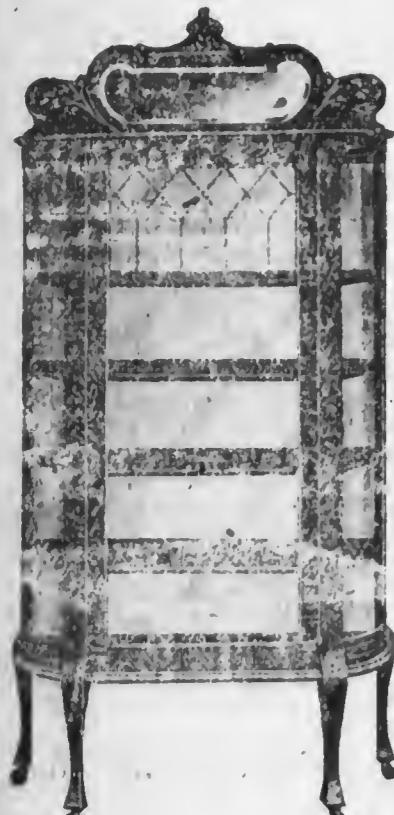

"You can buy all the people some of the time, and some of the people all the time; but you cannot buy all the people all the time!"

The "soulless corporations" are also now learning the immortal proposition of LINCOLN, and emphasized by THEODORE ROOSEVELT, viz:

"That this is Government of the people, by the people and for the people."

MR. JEROME will make the whole push crazy if he continues his rapid-fire, meaningless interrogations.

It is said that the French chef at the Sinton Hotel in Cincinnati, gets a salary of \$12,000 a year. We'll wager that there are thousands of old colored mammy's in Kentucky whose cooking would make Monsieur Frogeye's look like 30 cents.

The Merchant Marine League of the United States has issued a letter showing how the Japs are driving American ships off the Pacific ocean. Unless Congress acts there will be no American ships to the Philippines, save a few old foreign built transports fast wearing out, and the carrying of our military supplies and our munitions of war will be left to the subsidized Japanese steamers. If you think this is simply a howl, just wait and see.

According to a new City Directory, just issued, Louieville has a population of 249,583.

Congress proposes to call a halt on special pension legislation. Hereafter it will be an extremely difficult matter to secure the passage of a bill granting relief to persons unable to get it through the Pension Office. The necessity of taking action was impressed upon both Houses during the session just closed. In round numbers 21,000 pension bills were introduced, and of these, 7,000 were passed. That is to say, one in every three bills presented became a law.

REVIVAL

ATTORNEY DELPHINE MICHAEL DELMAS, leading counsel for HARRY THAW, awoke one morning and found himself famous. He will get a \$100,000 fee for clearing THAW and half price if his client goes to the electric chair or the asylum. DELMAS' conduct of the case has been admirable, and whatever the outcome of the trial, he will take his place probably as the leading criminal attorney of this country.

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs.

Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. If a woman finds that her energies flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as

Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs. It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organ Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female system. It is an excellent remedy for derangements of the Kidneys in either sex.

Harrison county Democrats will hold a primary Saturday, April 27th, to select a nominee for State Representative.

The State Anti-Saloon League will shortly begin a local option campaign in Harrison county. Rev. T. S. Buckingham will go to Cynthiana Wednesday to hold a conference with the Ministerial Association of that place, to take the initiatory steps toward launching a campaign against the saloons there. He says the fact that fifteen murders have been committed in and about Cynthiana within as many months has stirred the people of Harrison county to action and that a strong sentiment against the saloon is the result.

Mrs. Virgil Hart, a bride of only six months, shot herself in the left breast at her home in Paducah. She told the physicians that it was done accidentally.

Mr. Henry Summers, Editor of the Smith Grove Times, and Miss Eula Frazer of Richardson are to be married today. Mr. Summers was voted the handsomest member of the Kentucky Press Association at the annual meeting at Grayson Springs last summer.

SPECIAL TRAIN

Lexington Knights Will Entertain on Cars Here in May.

To obviate any inconveniences that may be caused by lack of hotel accommodations, Webb Commandery, No. 2, Knights Templar, of Lexington, has decided to charter a special train of Pullmans in which to attend the State Convclave to be held in this city in May.

A special Committee has been appointed to arrange with the L. and N. for this special train, which will include a dining car and enough Pullmans to properly accommodate the Commandery and the ladies who will accompany the party.

It is the intention of Webb Commandery to give a reception on the cars, and a band will accompany the party to furnish music for the Commandery and for the reception.

There were two misleading errors in Mr. C. C. Dagman's article on Alfalfa in The Ledger of February 27th. "A joy forever when it comes to the fruit question" should have been "hen-fruit question." As none crop "burley" should have been "barley."
